Hello campers! To-day we will venture to Larz Anderson Park in Brookline, with its huge size of 64 acres, it holds museums, playing fields, playground, eating space, ice skate rinks and paths. It also contains cool sculptures like those drawn on the slip. The field is also widely used by multiple brookline schools like Brookline High School as practicing fields for their school teams! The place is listed as one of the U.S. Historic sites, and also known to be a de-facto part of Emerald Necklace, because of its closeness to Jamaica Pond. Are you ready?

In case of emergency, your child will be sent to the Newton-Wellesley Hospital 617-234-6000. This Program must comply with the regulations of Mass. Dept of public health and must be licensed by the City of Newton Health Dept.
